

Énergie : l'utilité de l'Energy Star Score, test set

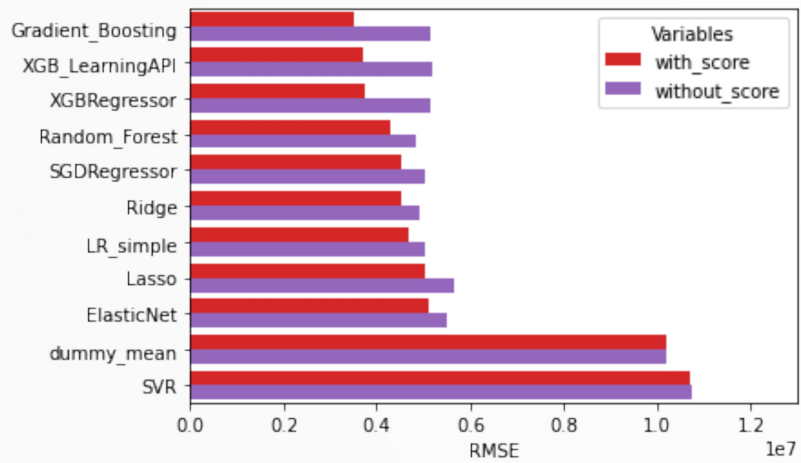

Random state = 1

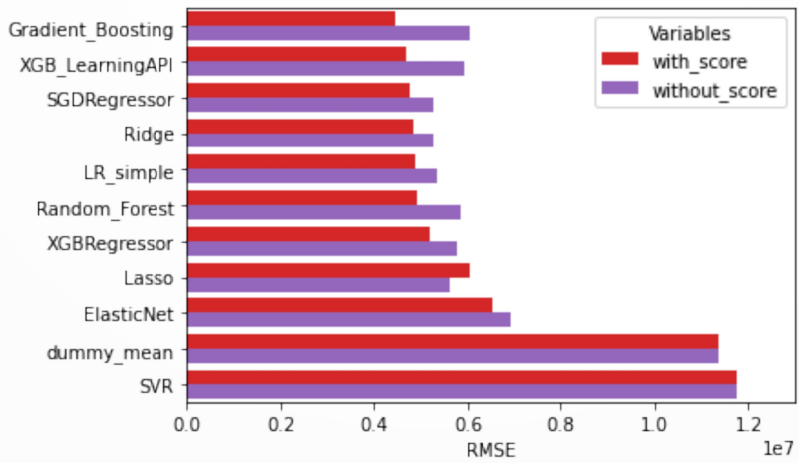

Random state = 2

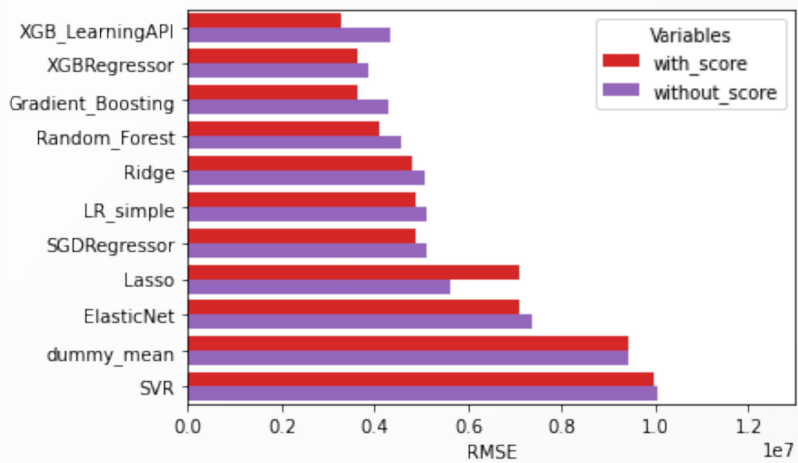

Random state = 3

Random state = 4

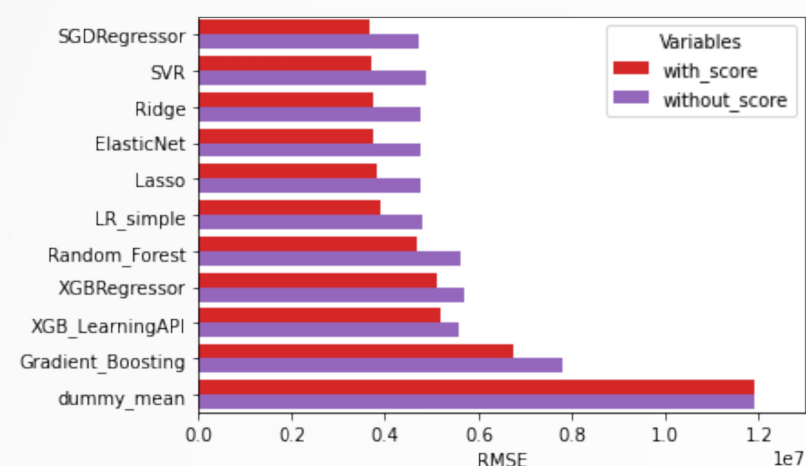

Random state = 5

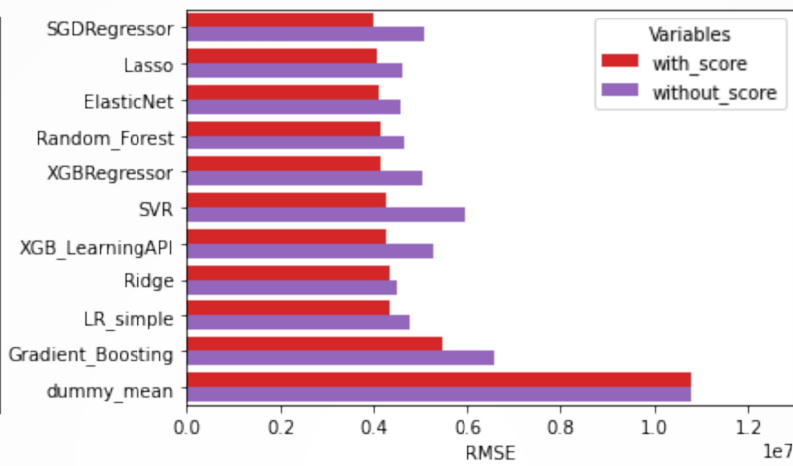

Random state = 6

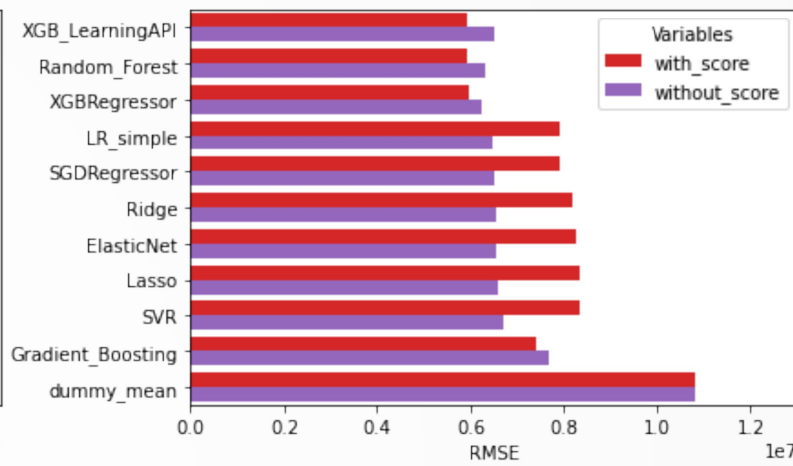

Énergie : l'utilité de l'Energy Star Score, log transform

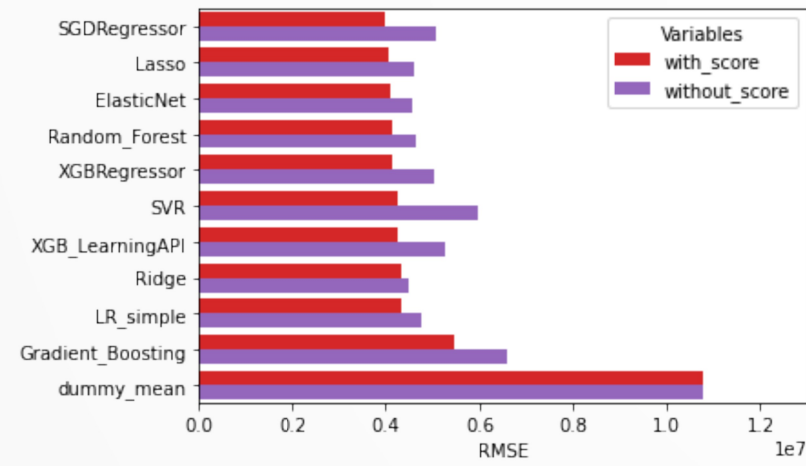

Random state = 1

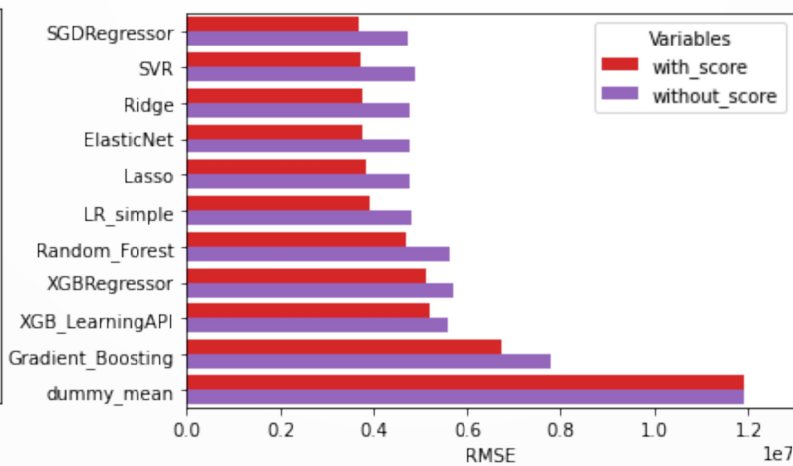

Random state = 2

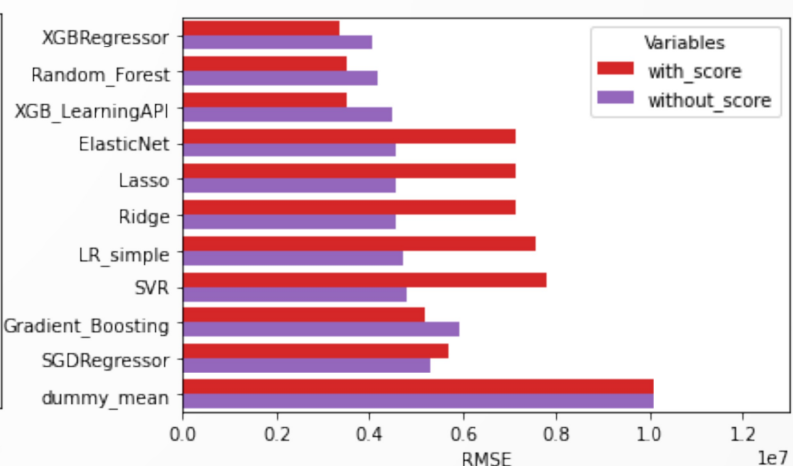

Random state = 3

Random state = 4

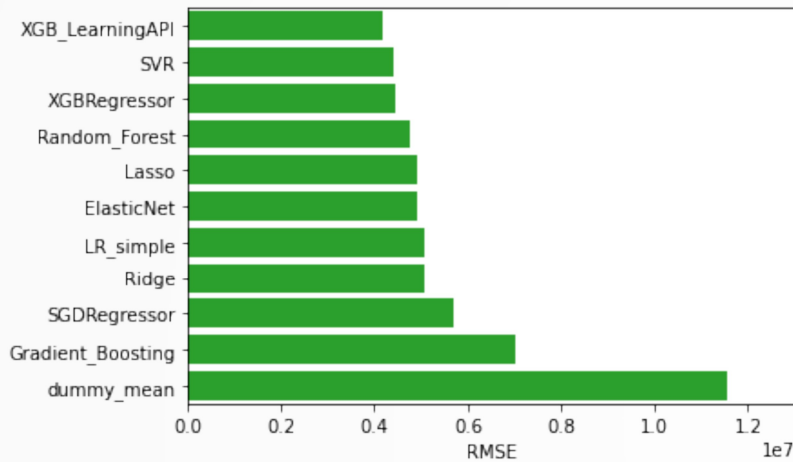

Random state = 5

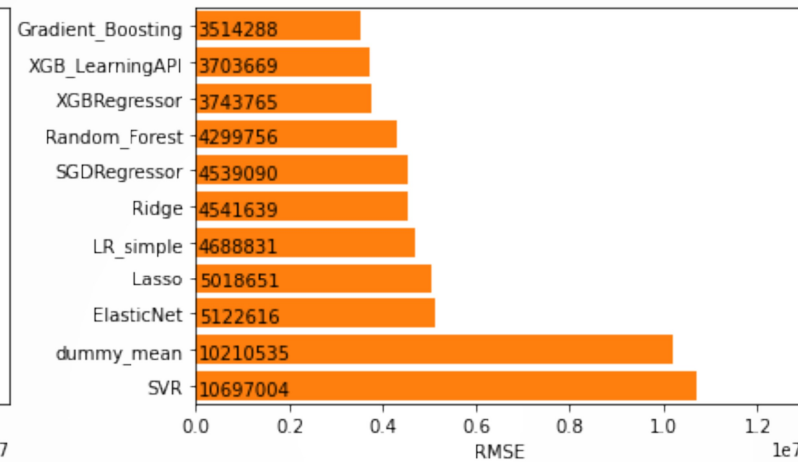

Random state = 6

Énergie : meilleur modèle avec EnergyStarScore

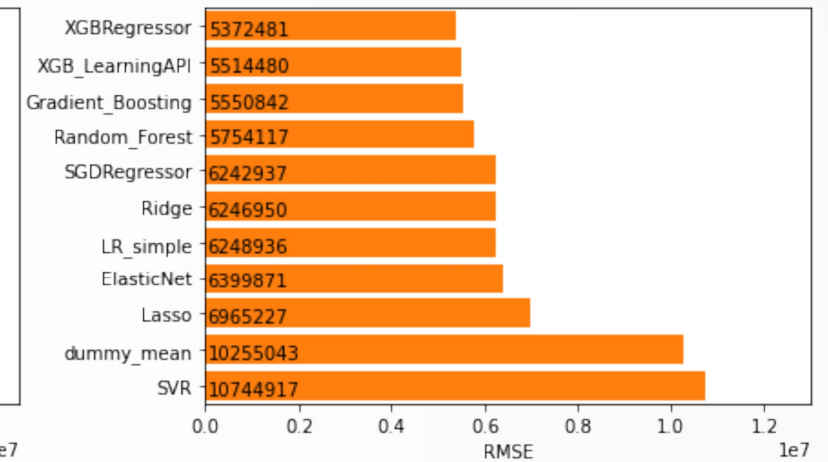

With log transform, random state=1

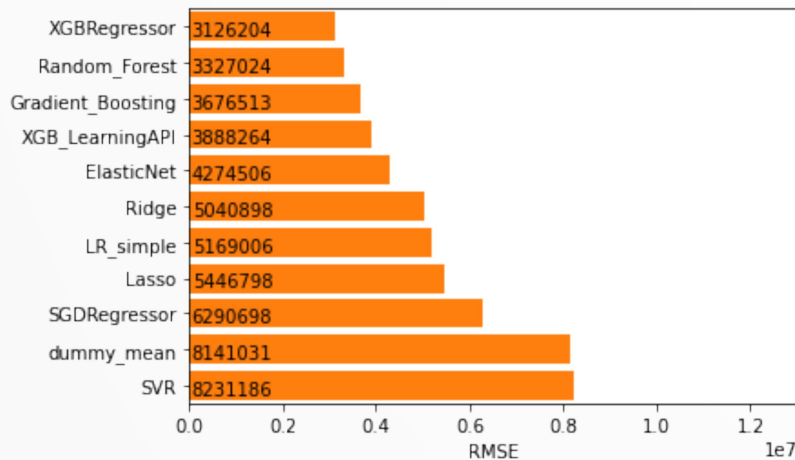

Test set, random state=2

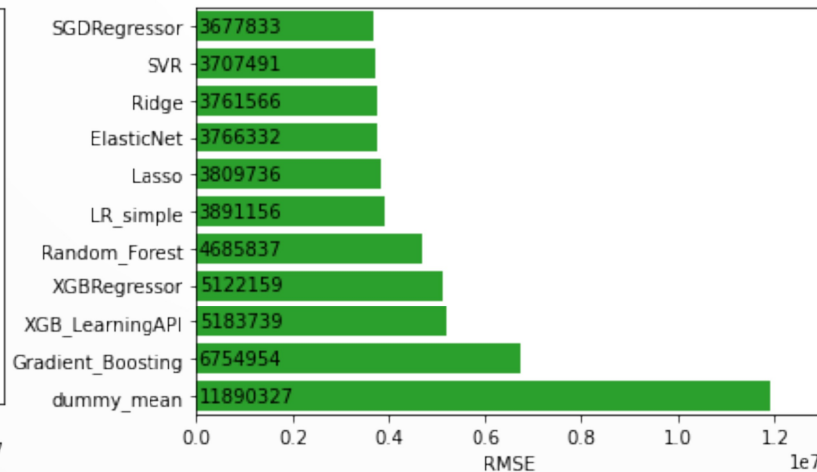

Test set, random state=3

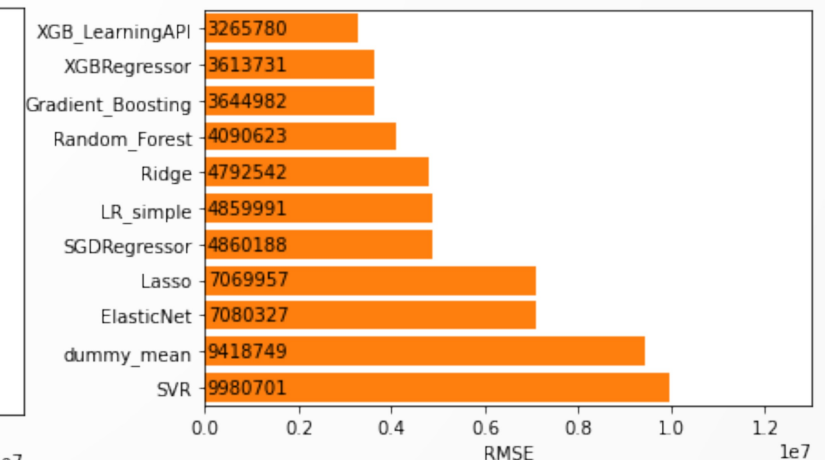

Test set, random state=4

With log transform, random state=5

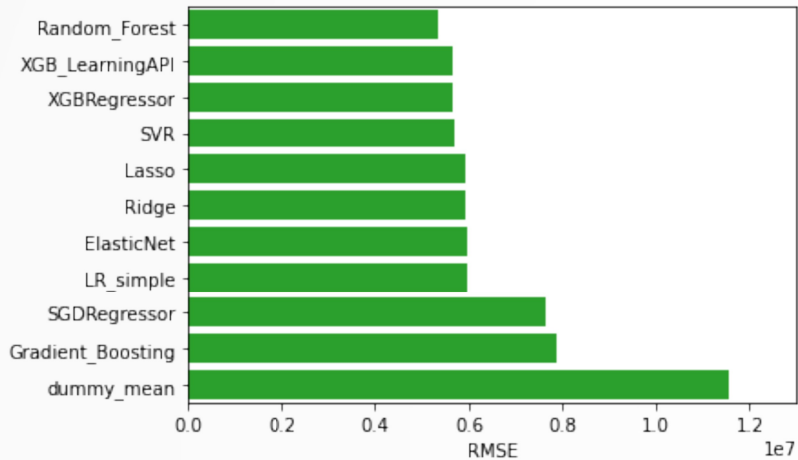

Test set, random state=6

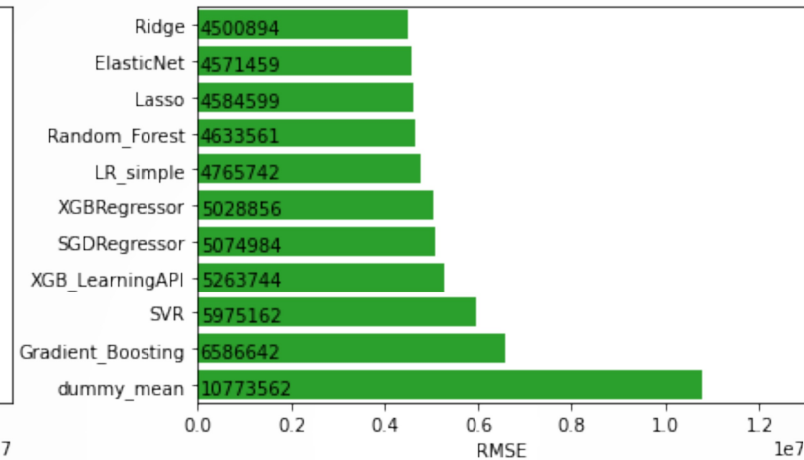

Énergie : meilleur modèle sans EnergyStarScore

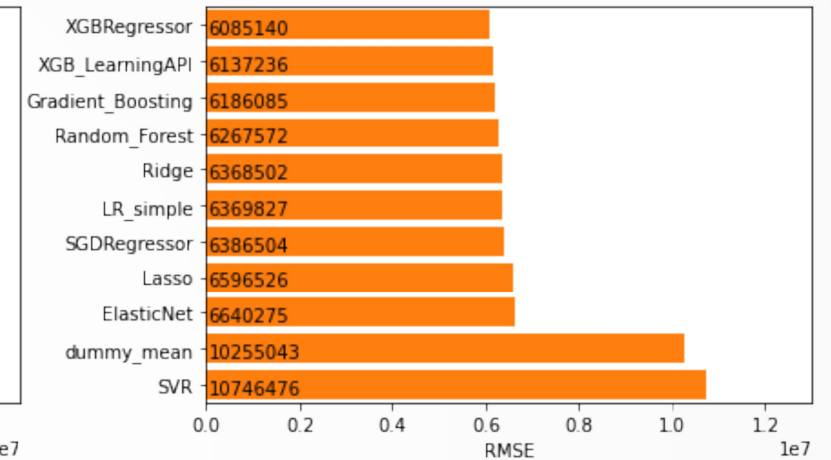

With log transform, random state=1

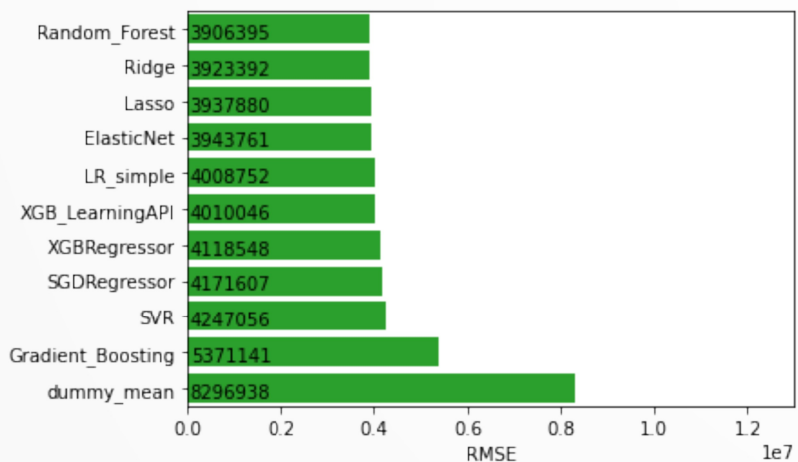

With log transform, random state=2

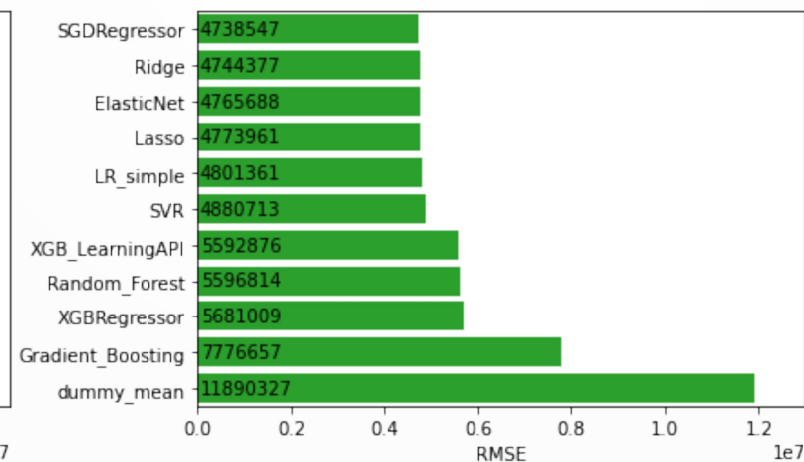

Test set, random state=3

With log transform, random state=4

With log transform, random state=5

Test set, random state=6
